NOTE.—The identity of the totals of the "Inward and Outward Transfers" is due to the fact that Inter-State Trade is recorded at the Port of Entry only, the "outward transfers" of the various States being assumed to be identical with the "Inward Transfers" of the receiving States.

TOTAL TRADE (INTER-STATE AND OVERSEA) OF EACH STATE, YEAR 1909.

In order to insure a correct record of the Export Trade of the Commonwealth it has been the practice of the Department of Trade and Customs, since the 1st September, 1903, to record goods transferred by sea from one State to another State of the Commonwealth for transshipment abroad in the following manner:—(i.) As an Outward Inter-State Transfer from the State from which the goods are originally moved. (ii.) As an Inward Inter-State Transfer to the State in which the goods are transhipped abroad. (iii.) As an Export (Oversea) from the State in which the goods are transhipped abroad.

The record thus obtained in each of the several States does not indicate the proportion of the Export Trade of the Commonwealth actually contributed by each State, nor does it correctly indicate the value of the Inter-State Trade.

The following tables, viz.:—V(a). and V(b)., shew respectively the Oversea and Inter-State Trade of each State as recorded, and the actual Oversea and Inter-State Trade of each State, after the necessary adjustments for transhipped goods have been made.

Goods transferred overland from one State to another and subsequently exported to overseas countries are included in the Exports from the State in which the goods are shipped overseas. In such instances no adjustment can be made, because the necessary data are not available.

V(b).

TABLE shewing the Gross Imports and Exports of each State of the Commonwealth from and to Oversea Countries direct, and from and to other States of the Commonwealth during the Years 1906-1909.

NOTE.—In the above table the value of goods transferred *by sea*, from one State of the Commonwealth to another State thereof, for transshipment to oversea countries, has been included in the oversea exports of the State from which the goods were originally despatched, and has, also, been excluded from the value of the Inter-State trade.

There being no adequate official record by means of which goods transferred *overland*, and afterwards exported oversea, can be referred to the State of origin, such goods are included in the oversea exports of the State in which the goods were shipped.
